

THE BEST DIGITAL TOOLS TO HELP STUDENTS

ANYTHING GOOGLE

Google Drive, Google Sheets, Google Docs, Google Slides, Google Forms, Google Meet, Google Calendar, Google Classroom. All of Google's digital tools are safe, secure, and easy to understand. These platforms make it easy to collaborate and communicate.

FLIPGRID

Flipgrid is a great tool to use for students to create, present, and apply their knowledge verbally. This incredible app allows students to create a video of themselves and post it to the forum. Student can interact with each other's content while educators can grade them on their assignment as well.

MARCO POLO

Marco Polo is an amazing tool to quickly connect and ask questions. Instead of texting or calling or emailing, this is a way to leave a video message. A amazingly perfect tool for virtual office hours.

CANVA

Canva is a wonderful app to help your students (and you) to create amazing presentations, flyers, posters, infographics, social media posts, resumes, and logos. This tool is easy and fun to use! I even used Canva to create this infographic you're looking at!

IMOVIE & ARTISTO

When it comes to creating awesome videos and photos iMovie and Artisto are the way to go. Both these tools are super user friendly and produce incredible results. The students also really enjoy making their own videos and editing their own photos.
